General Boardman Says It Is the Plan. Veteran Guardsmen May Get Command.

HE KNOWS OF NO OTHER ARRANGEMENT. PLAN IS TO INCREASE REGIMENTAL STRENGTH.

Unless Orders to the Contrary Are Received, the Boys of the First Will Camp at the Fair Grounds Until They Leave For the Front—President's Call Expected at Any Moment—Roster of the Local Company.

The following telegram was received by The Gazette at 3:15 this afternoon: Madison, Wis., April 25.—Gazette.—General Boardman assures the delegation that if the first regiment is mobilized as a regiment, Janesville will be the place.

THOMASGOOD, Mayor. The First Regiment of the Wisconsin National Guard will undoubtedly rendezvous at Janesville. Capt. Whiting received a telephone message from Adjutant General Boardman this morning saying that this would undoubtedly be the plan. Unless orders to the contrary were received, he said, the regiment would gather here, as originally planned.

Up to the hour of the conversation—9 a.m.—General Boardman had not received the official call for enlistment from Washington, but was expecting it every minute.

Capt. C. L. Hansen gave orders to his men to be at the armory at 1 o'clock this afternoon, for it was expected that the call would be received by that hour.

Up to 4 o'clock this afternoon, however, the official call had not been received.

Eight Are Disqualified. Captain Whiting said this morning that eight men in the Janesville Light Infantry had been disqualified on his physical examination. Four were discarded last night and four this morning on orders from headquarters as to the examination they passed.

"Every man in the company will shed tears when they find out who one of these men is," said Captain Whiting. "He is one of the best men in the company and it is too bad to scratch off his name. But it cannot be helped."

The Roster of the Company. The roster of the company up to this afternoon was as follows: Captain—Charles L. Hanson. First Lieutenant—Henry F. Baldwin. Second Lieutenant—F. O. Bloedel. First Sergeant—Herman Zander. Quartermaster—Sergeant—Elbert Hill.

H., Reutheiler G., Slason W. J., Tetelaff J., Vanpool E. E., Williams C. L., Wolitz L., Warner U. L., Ward Charles.

The recruits enlisted within the last few days number 23, as follows: Baxter Fred H., Brown Frank L., Coryell Frank D., Dunham Clarence B., Eames Wallace G., Gumbert Ezra J., Haller Frank O., Williams L., Hilton, L. The full strength of the company according to law, is sixty-eight men. Seventy-two men are now enrolled and when the men who failed to pass a physical examination are discharged, the company will still be short a few men. A delegation headed by Mayor John Thoroughgood and consisting of Alderman H. S. Gilkey, W. G. Wheeler, J. M. Boastwick, and Capt. W. T. Vankirk left this morning for Madison to interview Gov. Railway Men and Travelers Rely on Munyon.

A. M. Barnum, Chronicle Building, San Francisco, Pacific Coast Agent of the Queen and Crescent Route, and formerly

A prominent business man of Buffalo, N. Y., says: "Munyon's Rheumatism Cure cured me and also several of my friends to whom I gave some of that great remedy. Before your agency was established on the coast I was compelled to send East for supplies of your remedies, and have always kept them on hand for the benefit of myself and friends. I carry a pocket case in my valise when traveling in case any of my chance acquaintances should need assistance. I have frequently given away some of the remedies to people in distress. I have great faith in Munyon's remedies." Rheumatism is known as the stubbornest of diseases. It will not succumb to any kind of medicine except the right kind. Munyon has the right kind, and cures ninety-six per cent. of all cases submitted to his treatment. Munyon's Rheumatism Cure is guaranteed to be absolutely harmless and a strong tonic in building up the weak and debilitated. Prof. Munyon puts up a separate cure for each disease. At all druggists, mostly 25 cents a vial. Personal letters to Prof. Munyon, 1505 Arch Street, Philadelphia, Pa., answered with free medical advice for any disease.

A PATRIOTIC PICTURE.

President McKinley's call for 125,000 men to defend the starry banner has been issued, and the rush to enlist has begun.

Yes, "begun" is the word—for this is but the beginning.

The people have been stirred to a high pitch of patriotism by the events of the past few weeks, but the real emergency—the call that sets the blood athrill, and makes all that is dear on earth a secondary consideration in the love of country—has not yet arrived.

The Americans are a patriotic people, and the news of the first serious American loss will sweep the country like a wave of fire. Then there will rise up an army such as civilization has never seen. The call to arms will bring forward more men than the emergency will demand. From the shops will come the brawny patriots with work-hardened muscles; from the fields will come the sturdy yeomen, well equipped for the march and privation that are the soldier's portion; from the stores will come the quick witted young men, skilled in the art of discernment and swift to gauge the capabilities of their fellow men; from the pulpits will come the preachers to inspire with the holy word, and to aid with their patriotic prayers; from the office and laboratory will come the scientists to heal the sick in camp and wield the surgeon's knife when the bullets begin their deadly work; from the homes and the peaceful firesides will come the patriotic women—the sweet faced ministering angels—who will soothe and care for the wounded and diseased, wipe the death perspiration from the pallid brows of the dying and tenderly close the glassy eyes of the dead.

War—beautiful in its patriotic drapery, but shocking in its unmasked horrors—has kindled the love of country in all human beings and inspires them as Halleck says, to:

Strike—for your altars and your fires;
Strike—for the green graves of your sires;
God, and your native land!

America,—"the land of the free, and the home of the brave"—has risen in the might of right to combat for humanity and progress.

What inspiration the people can draw when they stop to think of the history made by the patriots that are gone, and to muse of the history to be made of the patriots of today. Great leaders have literally sprung from the earth when the nation was in danger, and there are as many unknown Grants, Sheridans, Shermans, Lees and Jacksons now as there ever were.

The Americans have employed very honorable means to avoid war. But now war rages, and the people are rushing to the defense of the flag, for as Scott says:

Where's the coward that would not dare
To fight for such a land?

If General Alger resigns, President McKinley would find a very worthy successor for the office of the Secretary of War in the person of General Thomas H. Ruger, retired, formerly of Janesville, Wisconsin.

WEAR HISTORIC EQUIPMENTS

Joseph B. Whiting, Jr., captain and assistant surgeon, First Regiment, Wisconsin National Guard, will go to the war wearing the equipments of a veteran. The gauntlet gloves, and the spurs that he will wear, the saddle on which he will ride, and the blankets upon which he will sleep, were all used by his father, Gen. Joseph B. Whiting, Sr., while acting as surgeon during the rebellion.

And that the "worthy son of a worthy sire" will do honor to the historic equipments that he will take with him, goes without saying.

The city of Paris is called a "pretty swift town," and it is generally conceded that her namesake in the American navy is too fleet to be caught by any Spanish warship. There is something in a name, after all, it seems.

Janesville militiamen will be pleased to know that Governor Scofield and General Boardman have recommended

that the Wisconsin troops be placed in command of General Charles King.

General Brooke is to command the American army in Cuba, and the Spaniards will find this Brooke a hard one to ford, cross, or bridge. Nor can they build a dam or trocha that will hold it back.

The parting of General Brooke and General Gomez will differ materially from the farewell greetings exchanged by General Lee and General Blanco.

The torpedo boat Porter has captured a Spanish steamer loaded with rum. This would appear to be mixing drinks in earnest.

The game of war has now begun, and it will be noticed that the American navy has already captured one Pedro.

And it will be noticed that the Cubans are also hastening to enlist.

GEN. CHARLES KING MAY BE IN CHARGE

WILL HE COMMAND WISCONSIN MEN?

Governor and Adjutant General Recommended That He Be Given Rank and Active Service—Work of Preparing For the Call Goes On Apace In the State.

Gen. Charles King may be put in command of the Wisconsin troops. Gov. Scofield and Adj. Gen. Boardman sent a recommendation to President McKinley asking him to give Gen. King active service as brigadier general of volunteers. They did not request that Gen. King be given command of the Wisconsin troops, but simply that he be given the rank and sent into active service. This act on the part of Gen. Boardman is looked on as one of great courtesy, as he was considered likely to be appointed to the command in the volunteer troops to be raised, and his joining in the recommendation of Gen. King is somewhat in the nature of waiving his own chances. It was said by a friend of Gen. Boardman, however, that he was likely to be appointed to the command of a volunteer regiment if any are raised in this state. This would give Gen. Boardman active service in the field, which his position as adjutant general of the state forces would prevent, if, as is expected, the state troops are sent into service simply in regiments, all officers of higher rank than colonel to be appointed by the federal government. Gen. King is now in Washington presenting his claims.

The work of preparation throughout Wisconsin for the movements of troops to the south goes on apace.

Racine is Ready.

At Racine the local lodge of Elks pledged themselves to assist the families of those who go to the front and they marched out about the city and will be ready to serve their country when called. Members of Co. F, W. N. G. are ready to leave on the first train when called. There are also a sufficient number of volunteers to make up a company of 100. Of all examined only three failed to pass.

Company at Viroqua.

From Viroqua Capt. J. Henry Tate, a veteran of the rebellion, has sent the following document to the governor: "I have enrolled the names of 100 men between the ages of 19 and 29, who tender their services to you, for three years or until discharged and will make it a battalion of 400 if you will authorize me so to do."

The Third Regiment Band.

The Third regiment band at Marinette has received orders to hold itself in immediate readiness to respond, and also to have the members who volunteered examined. Dr. H. E. Mann, assistant surgeon of the Second regiment, conducted the examination. The band will consist of twenty-six members when enlistment is completed. A volunteer company of over sixty members has been organized through the efforts of Captain W. H. Mann, formerly senior captain of the State University corps. The company has written Governor Scofield, asking for a place in the Fourth regiment. It consists largely of men who have had military experience, and can be put in good condition in a short time. The purse for Company I has been increased from \$500 to \$700.

Feeling At Sheboygan.

Company O, of Sheboygan, vacated its armory today and every member has closed up all necessary business affairs, according to instructions from Adj. General Boardman. There is much excitement among the men.

Captain Goldschmidt has enlisted eighty men to leave behind as a reserve, and says that he had stopped recruiting only because he thinks that he will need no more. There appears to be hundreds of young men in the city who want to go.

Citizens have subscribed \$200 for a new flag to be presented to Co. O, and, with the proceeds of a flag dance, the company will have one of the best flags in the regiment. Colonel Born, of the Second regiment, has purchased a fine horse, which will do service with him on the field.

Every member of the Gustav Wintermeyer post, G. A. R., wants to go, even to the oldest veteran who needed assistance in climbing the steps leading to the hall, to attend a meeting called for a discussion of the war.

Hudson Enthusiastic.

At the muster of Co. O at Hudson, nearly every man who passed Surgeon King's examination enlisted under Captain Kinney. A great crowd was attracted to the armory to witness the muster, and much enthusiasm was manifested. The boys were cheered. They are now ready for Colonel Moore's order to march. The company numbers sixty-five.

La Crosse Men Anxious.

Company M, Third regiment, of La Crosse, marched to the Y. M. C. A. hall, where a fine silk banner was presented by the women of the city. The exercises were of a nature becoming the place a day, being opened with prayer by Rev. Dr. Wilkins. Addresses were made by the Rev. Henry Faville, J. J. Esch and O. H. Schweizer. Mrs. F. H. Fowler made the presentation speech to which Captain Peck responded. There was a solemn service at the First M. E. church. Four of its members belong to Co. M, Captain Peck and First Sergeant Fowler, both public school principals, are active workers in both church and Sunday school. The latter is superin-

tendent of the Sunday school, while the former conducts a large mission school.

The Eau Claire Patriots

At Eau Claire fifty-five men, mostly members of the company, have been thus far enrolled and passed examination as prospective volunteers by Capt. Ballard of Co. E. Among those not members of the guard is Harry M. Atkinson, city editor of The Leader. There is great enthusiasm.

The Badger State infantry, of Eau Claire, an independent company, is ready to go, and Capt. Feige of John Barr Glen company, Knights of Pythias, is raising another. Many telephone inquiries came from neighboring towns as to when a recruiting office is to be opened here.

The Beaver Dam guards are all ready to go to war. Only a few failed to pass the medical examination. Twenty-eight men outside of the guards, have enlisted to go with them. All public buildings and business houses are displaying the stars and stripes.

MANAGER OF THE CLEO-BENOIR COMPANY SKIPS OUT

Theatricals Are Left Without Money With Which to Pay Their Bills—Only Fourteen Dollars in the Box Office When It Was Levied Upon.

There was a mad lot of actors in town today. The Cleo-Benoir Co. finished its season in Janesville and last night the manager drove to Milton without making any P. P. C. calls on his associates. An effort was made to attach the box office receipts for the last night, but only \$16.50 could be secured although \$49 had been taken in as the company's share of the receipts. Some of the company said today that they had not been paid for three weeks, although the concern had done a good business. They wanted the manager arrested, but could see no way to bring it about.

GET FULL REPORTS FROM WAR CENTERS

GAZETTE'S TELEGRAPHIC SERVICE IS COMPLETE

Scripps-McRae Press Association and The Publishers' Press From Which Dispatches Are Received Make Plans to Cover the Field—Chicago Papers Left Behind.

The Gazette's war reports will be as full, as accurate, as money and skill can make them. The Scripps-McRae Press Association company, in connection with the Publishers' Press from which The Gazette receives its telegraphic service, has made such and so complete arrangements for reporting the war with Spain as experience would dictate and forethought provide. The more important preparations are here briefly enumerated:

The war will be largely at sea. The North Atlantic squadron will operate against Cuba and clear a way for the passage of the army.

The Hampton Roads squadron is held for emergencies.

Accompanying the former fleet, in the Scripps-McRae Press association service, is Harry N. Riekey, an experienced and energetic newspaper man and managing editor of "The Cleveland Press."

Diesels on the Texas.

On board the battleship Texas, with the flying squadron, is Thos. M. Diesels, a Scripps-McRae Press association marine and naval reporter, whose past work has been such as to assure a brilliant performance of his present dangerous assignments. The privilege of having a man with the flying squadron was accorded in but two other instances.

The principal Scripps-McRae Press association correspondent with the army is Henry E. Armstrong, a graduate of the Virginia military institute, and a correspondent and reporter of long experience. Mr. Armstrong will be attached to the headquarters of Gen. Miles and will have unusual facilities for obtaining news. He will have all assistance and equipment which experience in modern war reporting has shown needful.

Man At Chickamauga.

Correspondents of the Scripps-McRae League, a separate organization, now with the army at Chickamauga, will continue with it. The League also has a large corps of special correspondents at American and West Indian points. Believing that every Atlantic port is a possible important news point, the Scripps-McRae Press Association especially engaged the services of efficient resident correspondents at every port, big and little, from St. Johns, New Foundland, to Galveston, Tex.

Very important, also, is the fact that the Scripps-McRae will receive the full foreign and domestic service of the New York Evening Sun. This splendid service has been augmented to meet the emergencies of the hour.

Field Fully Covered

With exclusive representatives with the fleets and armies, with news bureaus at New York, Washington and all important places, and with the services of correspondents stationed at points of vantage from London to Hongkong, from the smallest fishing village on the Atlantic coast to the largest port, the Scripps-McRae papers will have acceptable reports of the Spanish war.

The Gazette's dispatches are received up to 4:30 o'clock p. m., while the Chicago papers reaching Janesville in the evening are printed between noon and 2 o'clock. The superiority of The Gazette's service is therefore apparent.

BENEATH DEATH'S SHADOW.

Mrs. Frank Smith.

Married Thursday evening, Mrs. Frank Smith passed quietly away Sunday morning. She was in poor health during the winter, suffering from stomach and bowel trouble. During the latter part of the winter she recovered and last Thursday evening the marriage took place. Rev. B. J. Roche performing the ceremony. The young couple took up their home at 239 South Main street. Friday the bride suffered a relapse and physicians pronounced her condition critical. The end came Sunday morning at 7 o'clock. Funeral services will be held tomorrow morning at 9:30 in St. Mary's church.

Mrs. Smith's maiden name was Miss Lazette Bockenhagen and her home was in Plymouth.

Tucker.

Rev. A. H. Barrington, of Christ church, conducted brief services yesterday morning at 9 o'clock, from the Milton avenue home of Mr. and Mrs. W. T. Vankirk, over the remains of the infant child of Mr. and Mrs. F. J. Tucker, of Chicago. The interment was at Oak Hill.

Knight.

From the town of Center home of Mr. and Mrs. John Knight, services were held yesterday morning over the remains of their infant child, who died Friday afternoon, aged two months. The interment was in Mount Olivet cemetery.

Miss Edith Lee Wright, of Emerald Grove, died on the 23rd inst. at 11:30 p. m. of pneumonia. She was the daughter of Clarence and Elizabeth Wright, and was aged 14 years, 4 months and 26 days. The funeral takes place on Tuesday at 2 p. m., Rev. Mr. Dennis officiating. Miss Wright was a lovely girl, and was greatly loved by all who knew her.

MISSION WORK IN TURKEY

News From the Region Recently Devastated by Massacre.

Joshua T. Wright, of this city, has received an interesting letter from Dr. George Reynolds, who of late years has been a missionary in the worst districts of Turkey where he is still doing good work. Dr. Reynolds says that as the result of the terrible Turkish massacres he now finds himself called on to care for nearly one thousand orphans, which is a most difficult task. Since becoming a resident of Turkey the doctor has narrowly escaped death several times at the hands of the Turks, but each time he managed to escape.

The sum of \$70 was recently raised by the Sunday schools of Rock county and forwarded to Turkey for Dr. Reynolds to use in his work.

human lips there have been words expressing a part of His truth, explains in great part the rapid growth of Christianity. Today the dominant power of the world is not art, music, or literature, but that which dominates all Christianity. Christianity should not be and is not iconoclastic-seeking to tear down and destroy. It is more properly expressed in those who find the one spark of life in a dead soul, may be the love of a mother, or the remembrance of a home long ago deserted, and they will fan that one spark and feed it with new hopes and wise counsel.

Christianity is trying to get men to know themselves. The Christian life is simply the growing, the budding, the flowering and fruit bearing, under the influence of the spirit of God, of the goodness which is natural to the real man.

In the evening there was a song service under the direction of Mr. Kowalski—it had to be heard to be appreciated. The pastor spoke on the seriousness of life, having as his leading theme the conflict which is now on between our country and Spain. The closing hymn, "My Country 'Tis of Thee," was sung with a strong spirit of enthusiasm.

A SPOTLESS CHRISTIANITY.

Rev. Mr. Kempton's Discourse At the Baptist Church.

A goodly audience heard Rev. Mr. Kempton at the Baptist church yesterday. His subject was "Unspotted Christians." His text was in James 1-37.

A minister has great anxiety about his members, he said, especially for those who have recently started in Christian life. Christianity is the religion of a spotless life. This is the teaching of the bible. There are thousands of things that spot and tarnish men. Unclean books and pictures and temptations of various kinds are ever before the Christian to sin. Yes, within his own heart there are desires that would draw him away from God. The temptations of summer are often very apt to draw Christians away from their duty. The pleasures of summer may in themselves be pure and good, but they may draw us away from God if they are indulged in too much. How often the impure story spots and blemishes our character. A Christian should hate sin, in whatever form it may come.

How shall we keep ourselves spotless? By keeping away from those things that will spot. Hide your lives in Christ, choose for ourselves clean friends. We become like those with whom we associate. We must use clean and pure words. Let our conversation be pure and sweet, for how can we win others to a better life when we are ourselves impure and spotted. We must not permit the so-called small sins. A nail hole in the roof of a convent was the cause of destruction of the greatest and best picture ever painted.

The Y. P. S. C. E. was led by Miss Fanny Davis. The subject was "Habits."

In the evening Mr. Kempton preached to a large congregation upon the subject, "Learning by Doing." It was a very powerful appeal to begin and live a Christian life. At the close of the sermon six were baptized. The after meeting was the largest and most interesting yet held. Several expressed a desire to begin to live new lives.

Gomez Nears Havana.

Miami, Fla., April 25.—In a letter written April 19 by General Gomez he said: "Within ten days 30,000 of my forces will be swinging in their hammocks within sight of Havana. Already the westward movement has begun. The infantry forces, slower of movement than the cavalry, have already been started on their journey and the cavalry will follow as soon as word is received that President McKinley has signed the resolution now pending in congress."

Remodeling

The front door or the back door—any door in fact, about the house, cutting an archway, putting in a new hardwood floor; a new window, here or there; rearranging the stair case; sticking in a piece of grill work where the room looks bare, etc. All these things we make a specialty of.

Give US Your Idea We Will Do the Rest

Our advantage over any other concern is in the fact of our cutting our own lumber and working it up from the stump. One profit from stump to consumer. Anything in wood we make.

Dealers in Hardware and Sporting Goods.

A Big Week's Business.

Is the one just passed, and all on account of a special lot of very low prices on various lines through the store. If you have not received a copy of our special bill; call for one. It tells how we are selling Prints at 2c; Percales at 6¼c; Hosiery at 5c; Underwear at 5c; White Quilts at 49c; Silkolines at 7½c; Lace Curtains at 49c per pair; and many other every day necessities in every line.

Ladies' Correct Neckwear..

According to the latest mode; just such styles as you would see on display in the leading stores in large cities, and at prices just as low—probably lower. This store is well recognized as headquarters for everything desirable in ladies' furnishings. We show the new things when they first appear. The new full front Puffs, 69c, 89c. The new "Buckle Bow" made of fancy ribbons, 25c.

A Silk Waist...

Contains more real style and prettiness for the price than any other article of woman's apparel. Our silk waists are particularly noteworthy in this respect. They are made from the very latest silks, are elegantly finished, perfect fitting, and as attractive as a silk waist can be; \$3.75 and up.

A Stylish Veil...

Adds to the attractiveness of any woman. It's the finishing touch which completes the chic appearance sought after by all correct dressers. All the new things in Veils are shown here first, and always at a lower price than you would have to pay elsewhere—20c, 25c, 30c, 35c per yard.

Millinery...

There will be war and rumors of war, but the spring bonnet will blossom on time, it breaks the old man. Lively business in this department every day. We show Janesville's leading line of novelties and make a feature of hats that are stylish without the high prices. Have much to interest you and will be glad to have you call.

BORT, BAILEY & CO.

Sole agents for Her Majesty Corsets.

Sole agents for Butterick Patterns.

In calling attention to our line of Corsets we wish to draw particular attention to "Her Majesty's" Corsets.]

The Corset Success of the Century.

Probably no Corset ever devised has met with the same solid and substantial success, or occupied the field so thoroughly as has "Her Majesty's" Corset. With full faith in its merits, the inventors and makers of "Her Majesty's" Corset worked tirelessly for years to convince the public that they had really discovered a boon to womankind. An unbreakable Corset—"Her Majesty's" Corsets are fully, almost solidly steeled, and every steel is so moulded to the form and so finely tempered that, while they brace the body firmly, they are supple and easy and will not break at the hips, making it the most remarkable Corset of the age. We will be pleased to show you "Her Majesty's" Corset any time you may call at our Corset department.

You will please bear in mind that we carry all the following well known brands of Corsets:

Royal Worcester, P. N., Model Form, P. D., Glove Fitting, Dr. Ball's, Warner's Health, Dr. Schilling's, American Lady, R. & G., Coralines, Ferris Waist, Duplex, Eclipse Nursing, Chicago Waist, 930 F. P., Genuine Jackson Waist, Thompson Ventilating, G. D. Summer Waist, Child's Nazareth Waists.

And then, remember we sell every one of these Corsets a little less for CASH than other merchants sell them.

IF SOMEONE ASKS YOU This Question:

What store sells Shoes at the lowest price?

You can answer with all confidence,

BROWN :: BROTHERS.

It's a stereotyped expression with 'most every business concern, "Our Prices are Cheapest", etc; usually quoted because they don't know what else to say. But we say it and hammer on it with all our might because it is the truth. There are several reasons why we are selling Shoes cheaper than other stores, and particularly so this season. We are after more business, and, as sure as fate, we are bound to get it. We are satisfied with small margins, but in order to make any showing at the end of the year we must have large sales.
